

---

CEF will provide all the training and encouragement you need so you can effectively introduce the children and families in your neighborhood to a relationship with Jesus Christ!

***For "whoever calls on the name of the LORD shall be saved." How then shall they call on Him in whom they have not believed? And how shall they believe in Him of whom they have not heard? And how shall they hear without a preacher?***

***Romans 10:13-14***

# Reaching Children in Your Neighborhood!

## Party Club Fun!

When is a great time to introduce the children in your neighborhood to Christ?

Anytime of course, but how about once a month revolving around a holiday.

Thanksgiving, Christmas, Valentines, Easter to name just a few. Child Evangelism Fellowship® (CEF®) has designed kits just for monthly party clubs.

The blessings of hosting a neighborhood party club in your home are great:

- building relationships with the children and their families
- presenting a relationship with God through Christ
- encouraging a larger family relationship by involvement in your church
- being emboldened in your walk and relationship with the Lord, etc.

The time to reach this generation for Christ is now!

“...If people do not embrace Jesus Christ as their Savior before they reach their teenage years, the chance of their doing so at all is slim.”<sup>1</sup>

Only Christ can make a lasting difference in a persons life, and He wants to do it through you! Will you be His ambassador?
